

With the acquisition of Power-Tech, Segula Technologies is strengthening its expertise in the Oil&Gas sector

Paris, January 29th, 2019– [SEGULA Technologies](#), a global Engineering Group, has announced its acquisition of Power-Tech, an Italian engineering company specialising in the Oil&Gas and energy sectors, which has 200 employees.

The company offers a full range of services, in particular in:

- Construction
- Commissioning
- Maintenance

Power-Tech works with the biggest players in the global industry, thanks to its international presence in:

- Italy
- Congo
- Mozambique
- Poland

Laurent Germain, Managing Director of Segula Technologies, said: *“This acquisition is a new step in the expansion of our offer of services for industrial players. Combining the skills of Segula Technologies with the know-how of Power-Tech expands our portfolio in a market that is constantly growing over the long term. Power-Tech will also strengthen our global network with its presence in key markets in Europe and Africa, and these teams will be fully integrated into our organisation.”*

In Italy, Segula Technologies works with the main players in the automotive, aerospace, rail, energy and Oil&Gas sectors.

About Segula Technologies
